

AI Phone Answering Quick-Start

Trial an AI phone agent in your business, the right way.

Step 1 — Hear one first

- ☐ Call a **live AI agent** and judge the quality yourself before anything else
- ☐ BLANCORE's demo: **+44 20 4511 4077**

Step 2 — Size the problem

- ☐ Count your **missed / unanswered calls** in a typical week
- ☐ Work out what they're worth (avg. job value × conversion)

Step 3 — Start with a slice

- ☐ Put the AI on **out-of-hours or overflow** calls first
- ☐ Set clear **hand-off rules** to a human
- ☐ Keep your **existing number**

Step 4 — Vet on UK compliance

- ☐ UK GDPR + PECR for recording & consent
- ☐ Auditable log of every call
- ☐ Not a US platform that skips UK rules
